

MEMBERSHIP RENEWAL & CONTRIBUTION REQUEST

Dear _____,

As you are aware, your Lake Beulah Protective & Improvement Association (LBPIA) has been actively engaged in opposing the placement of a new Village high capacity well close to our precious lake. Last year, we asked you to provide additional funds to help offset the additional cost of our legal expenses. Your generosity was overwhelming, and your board thanks you for your donation.

As we mentioned at our annual members meeting last fall, we have been actively engaged in negotiations with the Village of East Troy to find an amenable alternate solution for all involved. East Troy is in need of a reliable source of potable water, and is very anxious to bring this issue to resolution as well. While this activity continues, we as an organization, agreed to join the Lake Beulah Management District in a combined appeal to the State Court of Appeals to protect our joint interests in this matter. To maintain our continued involvement in these legal efforts as well as carry on with the normal course of business with the LBPIA we are asking for your continued generosity.

This issue will hopefully be resolved soon, but we want to make sure we have sufficient funds to continue our activity until it has been resolved. To this end, rather than increase our annual dues we are asking each LBPIA member **to donate an additional \$50 with their \$35 dues for a total of \$85**. If you have the ability to send beyond that, we would greatly appreciate it, although any amount will be helpful. **Please also take a moment to verify the information below and add any comments you may wish to make.**

We sincerely thank all of you for your continued support,

The LBPIA Board of Directors/Jane Tanis, Membership Chair Person (642)-642-9232
